

## Nomination Acceptance Statement

I, Prof. & Dr. Zhongxu Lin, from Huazhong Agricultural University, Wuhan, China, accept with humble honor the nomination for co-chair of ICGI Structural Section. As a cotton researcher and ICGI member, I attended the 2012 ICGI Conference, assisted Prof. Xianlong Zhang in hosting the 2014 ICGI Conference in Wuhan, and attended WCRC-6 and 2016 Biennial Conference of the ICGI. I attended WCRC-4, WCRC-5 and several PAG ICGI workshops as well. From my participation in these academic activities, I witnessed the ICGI committee's contribution to the success of these conferences and the great progresses in cotton research. When the 2014 ICGI conference was successfully hosted in Wuhan and the attendees expressed their satisfaction, our team felt deeply honored and proud. I look forward to having more opportunities to serve ICGI in the future. I am eligible to be nominated as co-chair, and perform corresponding duties.
