

Professor Guoli Song

State Key Lab for Cotton Biology and Institute of Cotton Research

Chinese Academy of Agricultural Sciences (CAAS)

Anyang, Henan, China

I received my B.S. and M.S. degrees from Huazhong Agricultural University in 1990 and 1998, respectively, and my Ph.D. degree from Chinese Academy of Agricultural Sciences in 2007. I have directed the National High Technology Research and Development Program: cotton functional genomic analysis and applications, and I was the chairman of National key research and development project for cotton breeding. I have published many scientific papers in peer-reviewed journals including Nature Genetics, Plant Biotechnology Journal, Theoretical and Applied Genetics etc. I have received seven awards of the provincial, ministerial or national recognition. I have been selected as a talented person of scientific innovation by the Ministry of Science and Technology of China. I think I am able to serve the ICGI efficiently. I was the chairman of Functional Genomics workgroup from 2017-2019 and I am also the Secretary General of the Cotton Society of Agricultural Science Society of China. I am willing to serve the ICGI very much and hope to be elected as the Co-chair of ICGI Overall
